Attached is a letter which I have written to [REDACTED]
[REDACTED] thanking him for my visit there on March 5th and 6th.
In the nearly three years that had elapsed since my previous visit
there were many obvious changes, but I was very much impressed
at the progress and at the organization of the base. I also was
grateful for [REDACTED] to be at the base while I was there and
recognize that many of the achievements are due to his leadership.
